

Inbound Logistics
Names Robocom Systems International
To the Top 100 List of Technology Providers for 2011

Farmingdale, NY, April 18, 2011 - Robocom Systems International, a global provider of Supply Chain Execution Software today announced that the company has again been selected by *Inbound Logistics* to the Top 100 List of Logistics IT Providers.

Every April, *Inbound Logistics* editors recognize 100 logistics IT companies that support and enable logistics excellence. Drawn from a pool of hundreds of companies, using questionnaires, personal interviews, and other research, *Inbound Logistics* selects the Top 100 Logistics IT Providers who are leading the way in 2011. *Inbound Logistics* editors seek to match readers' fast-changing needs to the capabilities of those companies selected. All companies selected reflect leadership by answering *Inbound Logistics* readers' needs for simplicity, ROI, and efficient implementation.

Felecia Stratton, Editor, *Inbound Logistics* said, "This year was particularly challenging for the editorial staff as they had to select 100 logistics IT leaders from nearly 300 companies that submitted their credentials, *Inbound Logistics* editors looked at excellence in solving transportation and logistics challenges, but at a higher, more strategic level. Robocom Systems International was selected because its solutions offerings solve specific logistics challenges, improve processes and create a ripple effect of efficiencies across the entire value chain. *Inbound Logistics* is proud to honor Robocom for innovative solutions empowering logistics and supply chain excellence."

Fred Radcliffe, President of Robocom said, "We are pleased to have been once again recognized by *Inbound Logistics* as one of the Top 100 Logistics IT Providers for 2011. We continue to be focused on helping our customers respond to difficult economic conditions by delivering solutions which improve service enhance competitive advantage and reduce costs. This award from *Inbound Logistics* confirms that our work in delivering solutions with rapid ROI (Return on Investment) and operational excellence has been recognized."

About Inbound Logistics - *Inbound Logistics* is the pioneering publication of demand-driven logistics practices, also known as supply chain management. IL's educational mission is to guide businesses to efficiently manage logistics, reduce and speed inventory, and neutralize transportation cost increases by aligning supply to demand and adjusting enterprise functions to support that paradigm shift.
